State of Florida

Department of Insurance and Treasurer

THE CAPITOL
TALLAHASSEE 32301

July 1, 1986

The Honorable Bob Graham
Governor of Florida
Capitol
Tallahassee, Florida 32301

My dear Governor:

As Insurance Commissioner of the State of Florida, I am pleased to submit to you my Annual Report on Insurance in the State for the fiscal year July 1, 1985 to June 30, 1986 as provided for in Chapters 624.313 and 624.315, Florida Statutes. The figures in this Report reflect the financial condition and the importance of the insurance industry in our State. The statistics in this Report are compiled from the December 31, 1985 Annual Statements filed with this Department by insurance companies licensed in the State.

Respectfully submitted,

Bill Gunter

Report By Insurance Commissioner Bill Gunter

The 1986 Legislative Session was one of the most challenging yet for the Department of Insurance. One issue dominated the concerns of the Department, the Legislature and Florida business and professional people: the skyrocketing cost and diminishing availability of property and liability insurance. The success achieved by the Department in that area was matched in several other areas including legislation on highway safety, auto insurance and Treasury issues.

PROPERTY AND LIABILITY INSURANCE

Legislation drafted by the Department of Insurance on commercial property and liability insurance was introduced as HB 138 and later as SB 328. Eventually those provisions were written by a conference committee into their substitute for SB 465 which also included changes in the tort law.

The package provides for a rating law similar to that in private passenger auto insurance. Insurers can ask the Department to approve a rate before it is put into effect, or put it into effect up to 30 days before filing it and refund any overcharges if the Department finds the rate too high. The bill included an excess profits law requiring that profits more than four percent above anticipated underwriting profits over a four-year period be returned to policyholders who comply with risk management guidelines. It called for 45-day notice prior to cancellation, non-renewal or premium increase for property and liability insurance policies.

The package provides for a joint underwriting association to guarantee insurance coverage to any person required by law to have liability insurance who cannot find it in the voluntary market. Those not legally required to have insurance may be considered for coverage on a case-by-case basis. It also opens up self-insurance opportunities to business and professional groups and authorizes commercial property and liability group insurance. And it permits banks to own and control reinsurance companies.

Parts of the law added by the Legislature itself include changes in the tort system which limit the legal responsibility of parties at fault for an injury to an apportioned share of damages in cases where damages are greater than $25,000 when the injured party is more than 50% at fault, or for damages that are non-economic, such as "pain and suffering"; limit non-economic damages to $450,000; and require that damages be itemized in verdicts and that awards must be reduced by the amount of any compensation received from another source.

That part of the bill also creates protections against frivolous suits; authorizes judges to hold settlement conferences and to increase or decrease a jury award; limits punitive damages and provides that 60% of punitive damages go into state general revenues or to the Medical Assistance Trust Fund. Finally, it provides for a study of tort laws.

The Legislature also added a rate freeze and rollback provision. The freeze began July 1, 1986. October 1 there was to be a 40% credit against premiums through January 1, 1987, but a subsequent court ruling called for the amount of the credit to be held in an escrow account pending review of the legislation. The provision allows for administrative exemptions for insurance companies that can show premiums would be inadequate. It establishes a mandatory rate filing date of October 1, 1986, for rates effective January 1, 1987.

OTHER INSURANCE LEGISLATION

The Department also succeeded in getting passed CS/SB 628, comprehensive regulation of acquisitions of allied lines insurers similar to the regulation of the acquisition of stock insurers. This law will regulate changes in ownership to prevent a lessening of competition or other conditions prejudicial to the insurer, policyholders or the public.

The law provides that proceedings to consider a filing be made within 60 rather than 30 days. It authorizes the Department to petition for rehabilitation when an insurer attempts to transfer its entire business or merge its entire business with an allied lines insurer without the required permission.

Another successful legislative effort, CS/HB 701, strengthens the Department of Insurance's regulatory authority over continuing care facilities and our ability to enforce existing continuing care regulations. It also helps ensure the financial stability of these facilities.

In part, the law strengthens monthly escrow reporting requirements of continuing care facilities, and expands the department's ability to take action against providers who fail to comply with reporting requirements; and authorizes the courts to prevent creditors from seeking relief from a financially troubled facility for up to 12 months, in order to protect residents until they are relocated or the facility closes.

It also permits facilities to use a portion of their nursing home beds as community beds for up to five years; clarifies contract, refund and advertising requirements for facilities; and authorizes the department, when appointed receiver, to petition HRS to convert a portion of their sheltered nursing home beds in continuing care facilities to community nursing home beds.

We were able to pass SB 514 amending the definition of a fronting company to mean an insurer that transfers a certain percentage of its risk to one or several unauthorized insurers. The law also specifies the information that must be submitted to the department when the directors or principal officers of an insurance company are changed.

SB 768 prohibits private passenger automobile insurers from unilaterally altering or modifying the expiration date of a policy due to non-payment of a demand for additional premiums. After adequate notice to the policyholder of the demand for additional premium, the bill provides for the cancellation of the policy and the return of unearned premiums.

CS/HB 614 exempts from the Public Records Act any list compiled by the Insurance Department which identifies insurers or regulated companies which are being monitored by the department for solvency, financial condition or soundness if the list is prepared for internal coordination of regulatory efforts or if public inspection would tend to impair solvency, condition or soundness.

CS/SB 626 provides a new method of establishing a medical fee schedule. For hospitals, the fee schedule will be based on data furnished by the Hospital Cost Containment Board. If not specifically itemized in the schedule, the charge will be 80 percent of the hospital's usual charge for the treatment, care and attendance. To guard against overcharging or charging for services not provided, a $5,000 fine is provided.

The law clarifies that in cases of add-on attorneys' fees, the deputy commissioner, in approving the reasonableness of the fee, shall consider only the benefits secured and time reasonably spent in securing them. It also allows for a set-off of compensation benefits even if the third-party claim is settled.

It provides tort immunity to construction design professionals for accidents arising out of the employer's failure to comply with safety standards on a construction project, unless the professional specifically assumes responsibility for the safety practice by contract. It also allows the Department to implement minor changes in the notice of injury reporting requirements. And it provides certain limited educational benefits to the spouse of a deceased worker.

The Department was also instrumental in securing several important changes to the Police and Firefighters Pension Trust Fund, CS/SB 207 and 208. The bill increases the representation of municipal police and firefighters on the local boards of trustees that administer police and firefighters pension trust funds, and gives the boards authority to bring and defend against lawsuits.

It reduces the minimum retirement age from 60 to 55 or to 52 with 25 years of service, and it provides benefits for line-of-duty disability from the first day of employment (eliminating a 10-year waiting period). It also provides a minimum retirement benefit of 2 percent per years' service, depending on the availability of state contributions.

DIVISION OF LP GAS

A bill initiated by our Division of LP Gas, CS/HB 882 will clarify the Department's jurisdiction over the people engaged in the LP gas business and establishes new safety procedures. It requires licensees to notify the Department of LP gas accidents which involve death or injury, damage to property exceeding $1,000 or uncontrolled ignition. Persons requalifying cylinders must complete an examination administered by the Department. The bill also requires suppliers to physically respond to verified leak calls within a reasonable time, not to exceed 24 hours.

DIVISION OF TREASURY

The Division of Treasury successfully worked for statutory changes in collateral requirements for public deposits (HB 635) which allows administrative penalties to be deposited into general revenue; provides for penalties against depositories that withdraw from the program; and requires certain public depositories to submit quarterly reports to the State Treasurer.

DRIVING SAFETY

A number of important changes were made in the area of driving safety, including HB 8B passed in the special session. This law toughens Florida's drunk driving laws by making a fourth DUI conviction a felony punishable by up to five years imprisonment and a $1,000 to $5,000 fine; increasing penalty for refusal to take a breathalizer test from a six to a 12-month driver's license suspension for the first refusal, and from a 12 to an 18-month suspension for subsequent refusals.

The law requires proof of enrollment in substance abuse education or treatment course for persons convicted of DUI two or more times within five years or three or more times within 10 years, and providing penalties for failure to complete the courses; defining restricted driving privileges as limited to driving for business, educational, church and medical purposes.

Also important in this regard was the safety belt legislation, CS/HB 40, which imposes a $20 fine on front-seat drivers and passengers who fail to wear their safety belts. The law will be applied only as a secondary violation -- drivers may not be stopped solely for failing to wear their safety belts. Drivers may also be fined if front seat passengers under age 16 are not buckled up. Passengers age 16 and over may be fined. The law requires insurers to pass on to policyholders any savings they realize as a result of the safety belt law.

This law amends the child safety act, expanding the requirement that parents and legal guardians transport children in appropriate child safety seats so that it extends to all drivers who transport children.

CS/SB 415 provides law enforcement officers and the Department of Highway Safety and Motor Vehicles with the necessary powers to enforce the current law requiring drivers to carry personal injury protection (PIP) auto insurance.

It also requires drivers to carry proof of insurance with them or face a $25 fine. Makes fraudulent use of a PIP card a 1st-degree misdemeanor. Upon notification by an insurance company of cancellation or non-renewal of a PIP policy, the Department of Highway Safety and Motor Vehicles may suspend the driver's license and registration unless proof of new insurance can be shown.

LEGISLATION NOT SPONSORED BY THE DEPARTMENT

SB 52 exempts certain deposit records including names of the authorized financial institutions and the account numbers of the beneficiaries from the public records law, and provides for review of those exemptions under the Open Government Sunset Review Act.

CS/HB 70 allows local and state government bodies to charge a service fee for returned checks, drafts or other orders for the payment of money. The service fee may be $10 or 5 percent of the face amount of the check, draft or order, whichever is greater up to a maximum of $25.

SB 238 eliminates the requirement that employee group life insurance certificates contain the name of the individual employee holding the certificate. The elimination of this requirement will reduce administrative expenses for insurance companies.

HB 333 requires that an insurer return any unearned portion of an auto insurance premium within 30 days of receiving notice that an insured wishes to cancel a policy. The law also authorizes civil remedies when an insurer fails to make a good faith effort to settle a claim.

CS/HB 389 requires the Auditor General to conduct post-audits on investments made by the State Board of Administration; strengthens criteria for membership on the Investment Advisory Council and removes the one-term limitation; authorizes investment in short-term obligations as deemed appropriate by the board; authorizes investments in foreign entities with certain exceptions; authorizes limited discretionary investments; prohibits investments in South African corporations and government entities.

CS/SB 460 mandates that all individual and group health insurance policies providing coverage on an expense-incurred basis, all out-of-state health insurance policies, and all multiple-employer welfare arrangements covering family members provide coverage for child health supervision services from birth to age 18.

SB 515 provides for the apportionment of liability among title insurers for defalcation, conversion or misappropriation by an agent representing multiple companies.

The law also requires that the Department of Insurance be notified within five days of a proposal to transfer ownership of five percent or more of ownership interest. Notification must include background information on parties involved, the source of funds involved, any major changes in business or structure of the insurer, the number of securities involved, the terms and manner of the acquisition and any agreements affecting the securities. The bill applies to all allied lines insurers except health maintenance organizations undergoing mergers or consolidations, since these are dealt with in another section of the statutes.

CS/HB 671 eliminates the prohibition against insurers obtaining reinsurance on credit life or credit disability insurance covering a Florida risk with any reinsurer not authorized or approved by the Department. Insurers writing credit life or credit disability insurance would be subject to the same restrictions as insurers writing other types of insurance.

HB 953 requires commercial vehicles to show proof of liability insurance or obtain a certificate of self-insurance from the Division of Highway Safety and Motor Vehicles.

CS/SB 1175 provides for the regulation of bail bondsmen by the Department of Insurance and the Bail Bond Regulatory Board, and sets conditions for bail, bond forfeiture and remission of forfeiture. Among the changes are provisions to: increase from $25,000 to $50,000 the amount of cash collateral accepted by bondsmen; allow bondsmen to have forfeitures discharged or remitted even though the bondsman did not substantially procure and cause the arrest of the defendent; make it clear that the filing of the required escrow deposit with the court shall automatically stay a forfeiture judgment; prohibit original appearance bonds from being continued on appeal or for certain other post-appearance hearings without a new bond; and authorize the Department to require a licensee whose license has been suspended to complete specified course work.

HB 1383 clarifies and revises provisions of the Comprehensive Medical Malpractice Reform Act of 1985, by amending the training program requirement for the qualification of certified health care risk managers to one year or its equivalent training program; correcting an inadvertent error in the notice provisions relating to malpractice insurance policies; and including in medical malpractice closed claim reports confidential information relating to patient identification. Other provisions made similar technical changes to tort litigation procedures, hospital licensing provisions and liability of governing boards of health care facilities.

A portion of CS/CS/SB 978 extends windstorm insurance coverage to counties or other areas that will implement the policies and objectives set forth in state laws, rules and regulations governing coastal construction, comprehensive planning, beach and shore preservation, barrier island preservation and coastal zone protection.

CS/HB 804 authorizes the Department of Insurance to order the discontinuation of any advertising of Medicare supplement policies that violate Florida Statutes or department rules, to order the publication of corrective advertisements, to impose an administrative penalty of up to $10,000, or to order the insurance company to clarify the misleading ads to individual applicants.

Division of State Fire Marshal

The Division of State Fire Marshal is responsible for a variety of activities involving the protection of life and property from the ravages of fire. Florida Statutes, Chapter 552 "Manufacture, Distribution and Use of Explosives"; Chapter 633, "Fire Prevention and Control"; and Chapter 806, "Arson", govern the Division's major areas of responsibility.

The Division operates four Bureaus and one Section. The Bureau of Fire and Arson Investigation responds to requests from agencies for investigations of fires which occur under suspicious or undetermined nature. The Bureau of Fire Prevention promulgates rules governing fire safety and inspects state-owned or -leased buildings to assure compliance with fire codes. The Bureau of Explosives and Fire Equipment regulates fire equipment dealers, fire protection contractors and explosives handlers. The Bureau of Fire Standards and Training provides training and certification for firefighters. The Fire Incident Reporting Section receives and compiles data on fires from fire departments throughout the state. Staff from these bureaus are located in seven field offices and the State Fire College in Ocala.

The mission of the Division can be accomplished through assistance to and involvement in the fire service community to ensure protection of the citizens of Florida.

SECTION OF FIRE INCIDENT REPORTING

The Florida Fire Incident Reporting System (FFIRS) is designed to collect valuable pieces of information discovered and recorded by a fire department at an incident. This information is collected on a standardized form using standardized codes, and is part of a national network for fire incident reporting.

The major goals of FFIRS is to improve fire safety for the citizens of Florida, and their property. By collecting, processing and analyzing data supplied by fire departments throughout the state, we hope to accomplish this goal.

During 1985, FFIRS converted to the new updated Version 4 of the National Fire Incident Reporting System software. New reporting forms were designed and implemented, and give an in-depth view of Florida fire service casualties, as well as other pertinent fire data not previously collected.

Because FFIRS has completed its Version 4 conversion, Florida has been chosen as one of four pilot states to test a new software package called Polaris. Polaris is a product of the U.S. Fire Administration, designed to run Version 4 incident reporting on a personal computer. The major goal of FFIRS for the coming year is to have as many fire departments as possible begin utilizing this program. The main advantage for the fire departments will be having their data available to them at all times. The savings to the state will be that FFIRS will no longer have to keypunch or edit this data, and will not have to supply these departments with paper forms.

In 1985, more than 262,500 incident forms were keypunched by TMIC and edited by FFIRS staff. Added to this number were 68,000 incidents supplied to FFIRS on magnetic tapes. This total of 330,500 incidents represents a 10.1% increase in the number of incidents processed by FFIRS over the previous year.

The first Florida State Fire Marshal's annual report called "Florida Fires 1983/84" was completed by using data collected by FFIRS and other bureaus. The report was very well received on the national as well as the state and local levels. An updated version of this report is currently being prepared.

In 1986, FFIRS, with the help of the Bureau of Fire & Arson Investigations, will be participating in a year long study of accidental fire deaths conducted by the U.S. Fire Administration. FFIRS will be providing comprehensive data for this project, which will be made available to fire prevention bureaus nationwide.

We hope that by providing all of the previously mentioned data, FFIRS will play its part in increasing fire safety in the State of Florida.

BUREAU OF FIRE AND ARSON INVESTIGATION

Arson is a concern of all Florida citizens due to the potential destruction of life and property. The Bureau's workload increased 67% from 1979-80 to 1985-86 fiscal year. The average dollar loss per arson case for the 1985-86 fiscal year was $27,948. In 1974, it was less than $10,000 per case. During 1985-86, the Bureau responded to over 2,900 investigations. Arrests for the crime of arson in Florida from 1979-80 to 1985-86 increased 53%.

Among the Bureau's improvements are the development of a Mobile Fire and Arson Investigation Unit, installation of radio communications for approximately 75% coverage of the state, automation of the headquarters and field records with computers and initiation of a 24-hour service office in the Tallahassee headquarters office.

The Mobile Fire and Arson Investigation Unit is being constructed similar to a heavy rescue unit, but the design will be specifically for equipment to perform extended investigations of fires. The unit will have portable gas chromotographs, video recording equipment, various electronic hydrocarbon detectors, portable lighting, power generators, power tools, etc. The unit is intended to be utilized on large fire losses. A team from the Bureau will respond with the unit and will integrate with local investigative authorities. The unit will be operational in September.

The Bureau will be improving its radio communications to 75% coverage of the state this year. This will improve their response time to requests for fire investigations and reduce unnecessary travel time.

The Bureau will have all eight field offices on-line with computers this year. This will permit a storage and cross referencing of names, addresses, etc., of persons having multiple fires in Florida. The computer system will also permit reports to be generated and transmitted by computer. This will improve management of the Bureau's administrative activities, improve and increase information available to investigators and reduce costs.

The Bureau will have a 24-hour service office in Tallahassee with toll free telephone numbers for agencies to call for investigations. A duty officer will be assigned after normal work hours to receive calls, notify investigators, etc. The 24-hour operation is anticipated to be operational before the end of 1986.

FISCAL YEAR JULY, 1985—JUNE, 1986

Cases Closed		*Arrests*	*Convictions*
Arson	1,136	238	169

BUREAU OF FIRE STANDARDS AND TRAINING

7/1/85 — 6/30/86

The Bureau of Fire Standards and Training is the vehicle through which the vast fire service training and education responsibilities of the Division of State Fire Marshal are executed. The Bureau has the responsibility for functions relating to qualifications and standards for employment, training and education of firefighters, certification of fire inspectors, administration of the fire service educational incentive program, curriculum development and submission of reports and recommendations to the Division of State Fire Marshal concerning the improvement of Fire Service Training and Education.

The Bureau is also responsible for the administration of the Firefighter Educational Compensation program. As of July 1, 1986 there were 1,774 firefighters participating in this program, 361 at the Baccalaureate level and 1,413 at the Associate level. 196 firefighters seeking entry to the program were rejected. The total disbursement of monies through this program for Fiscal Year 1985-1986 was $1,324,320.

The Bureau of Fire Standards and Training is sub-divided into three (3) sections: Standards, Training, and Curriculum Development.

The Standards Section is responsible for the administration of the Florida firefighters minimum standards training program. This section also reviews the pre-employment paper work to ensure that the employment was within statutory limits, prepares and administers examinations covering both cognitive and psychomotor skills developed in the minimum standards curriculum and certifies firefighters, instructors, fire inspectors and training centers.

FIRE STANDARDS ACTIVITIES

Examinations Administered	*1985-86*	*Total To Date*

TOTAL	3,981	37,918

Professional consultations continue to be a growing function of the Bureau of Fire Standards and Training. This past year the Bureau received a number of requests from municipalities to conduct studies and surveys relative to manpower, site location, equipment and training needs.

The Curriculum Section reports the State Fire College in conjunction with Central Florida Community College now has the second largest Fire Science program in the State of Florida.

During this past year, this Section has devoted a great deal of time to Public Education. The Curriculum Coordinator has succeeded in implementing the LEARN NOT TO BURN curriculum in three county school systems.

She has attended many meetings and has held twenty seminars on fire safety and C.P.R. In March, the Fire College hosted a weekend American Heart Association C.P.R. class with twenty-five instructors, along with the Fire College staff, certifying over 100 citizens on life saving techniques. This will be an ongoing program. This Section has appeared before approximately two thousand people.

The Fire College has developed curriculum, held a pilot program, and is now training and testing persons for fire extinguisher maintenance and repair.

The Training Section manages the Florida State Fire College. The Fire College offers courses of instruction and specialty seminars in all facets of fire prevention and suppression, both on campus in Ocala and through training courses conducted at fire departments throughout the State.

BUREAU OF FIRE PREVENTION

The duties and responsibilities of the Bureau of Fire Prevention are set forth in Chapter 633 and Sections 393.067, 400.441, 402.305, and 526.141, Florida Statutes. These include the following:

a. Prevention of fire;

b. Regulation of the storage, sale, use, keeping, manufacturing, handling, and other disposition of combustibles, flammables, crude petroleum or any of its products.

c. Inspection of the installation and maintenance of fire alarm systems and fire extinguishing equipment;

d. Regulation of the construction and maintenance of fire escapes;

e. Assuring the adequacy of exits from all buildings in the event of fire;

f. Inspection of all buildings and equipment on premises within their jurisdiction, including annual inspections of self-service gasoline stations and state-owned and state-leased buildings, and other facilities as requested and ordering that hazardous conditions or materials be remedied or removed.

g. Establishing and maintaining uniform or minimum fire safety standards for child care facilities, adult congregate living facilities, hospitals, nursing homes, correctional facilities, state-owned and -leased building, migrant labor camps, elevators, public lodging establishments and self-service gasoline stations;

h. Interpreting the state's fire safety standards;

i. Serving as a central reference point and source of information for architects, engineers, fire protection officials and others, interpreting technical provisions and sponsoring symposiums, conferences, etc., on fire related matters.

There are approximately 700 fire departments with which the Bureau works. We also maintain a working relationship with building officials, city and county officials, insurance companies, loss management representatives, building contractors, technical personnel from other state agencies, architects, engineers and others with an interest in fire protection. All of which consult the Bureau for technical assistance on fire laws, administrative rules and codes or standards and the resolution of deficiencies.

The Bureau is charged with statutory responsibilities to conduct annual fire safety inspections of high hazard properties such as prisons, juvenile detention centers and mental institutions and to survey other state-owned and leased facilities at least every two years. Three Lead-workers and 18 Fire Protection Specialists are located in eight field offices to respond to statutory mandates.

The statistics for 1985-86 reflect that Florida's population growth and fire safety awareness increased workloads.

Code enforcement continues to be a significant activity of the Bureau. Of the 26 cases forwarded to the Bureau Chief for further action, 22 were resolved after consultation with Department staff, two after administrative hearings and two after the issuance of Cease and Desist orders.

The Plans Review Section is staffed by three professionals and one clerk. In 1985-86, a monthly average of 21 plans were reviewed for compliance with fire codes. Statutory mandates governing response time for reviews necessitated the shifting of workload responsibilities to meet other statutory requirements.

This Section has also been helpful in providing special assistance to individuals with complex fire protection projects, saving the public millions of dollars.

Section 633.05, Florida Statutes, states that "Uniform fire safety standards shall be revised and republished as the need arises." Other provisions require updating of rules or the development of new standards. Several administrative rules were revised or adopted during this period.

Fire Prevention Specialists from the Bureau have provided technical assistance to fire officials and local governments on questions relating to the migration of hazardous materials from underground tanks and containers.

The highlight each year continues to be the Annual State-Wide Fire Prevention Conference, which has earned an excellent reputation throughout the nation. Internationally known specialists in the fire service field attend and participate in the program. Additional features of this conference include the announcement of "Fireman of the Year", "Volunteer Fireman of the Year", and "Inspector of the Year", who are chosen on a state-wide basis.

BUREAU OF EXPLOSIVES AND FIRE EQUIPMENT

The Bureau of Explosives and Fire Equipment is responsible for the administration and enforcement of Chapter 552, Florida Statutes, "Explosives", and Sections of Chapter 633, Florida Statutes, concerning licensing, regulation, examining and training of fire equipment dealers, permit holders and fire protection system contractors.

As the regulatory agency for the three programs, this Bureau investigates the illegal use and/or possession of explosives; investigates the improper installation and servicing of portable fire extinguishers and fire suppression systems and investigates the illegal actions of any fire protection system contractor.

The primary objective of the Bureau is to safeguard the lives and property of the citizens of Florida through the enforcement of laws and regulations concerning explosives and fire protection equipment.

All persons holding licenses, permits and certificates are qualified by examination regarding the level of expertise in the field of their operation. All persons holding a license and/or permit in the fire equipment program are required to be certified every five years by training and recertification. All original applicants for fire equipment licenses and/or permits, applications requesting upgrade of their existing licenses or permits and individuals requesting reinstatement of a license or permit must attend the Portable Fire Extinguisher School administered at the Florida State Fire College in Ocala.

LICENSES ISSUED

Type and Class	*Number Issued*
04-05 Manufacturer - Distributor - Explosives	19

Division of Liquefied Petroleum Gas

The Division of Liquefied Petroleum Gas is responsible for the administration and enforcement of Chapter 527, Florida Statutes, entitled "Sale of Liquefied Petroleum Gas." The Division is charged by this statue to enforce laws and regulations in the interest of public safety where LP gas is stored, transported, distributed and utilized. The Division's public responsibility for LP gas safety begins when the product enters the state borders and continues until the product is safely consumed by the public.

Chapter 527, Florida Statutes, provides for state regulation of a highly technical and widely used commodity—liquefied petroleum gas. The unique characteristics of liquefied petroleum gas require a high level of expertise and special laws and regulations. The enforcement of the provisions of this law is essential for the public welfare for protection against loss of property, health and life by fire or explosions. The provisions of Chapter 527, Florida Statutes, insure that only competent persons engage in the business and that compliance with acceptable safety codes and standards is achieved.

Chapter 527, Florida Statutes, provides for rule making by due process. Under this provision, the Division adopts National Fire Protection Association pamphlets for safety. These national standard codes provide the safety guide for the storage, handling and utilization of liquefied petroleum gas, and enforcement of these codes is the responsibility of the Division of Liquefied Petroleum Gas Inspectors.

The Division has been certified by the Federal Office of Pipeline Safety to enforce the Pipeline Safety Act as it applies to liquefied petroleum gas pipelines. The Pipeline Safety Program is financed on a 50/50 basis with the U.S. Department of Transportation.

Personnel of the LP Gas Division organize and present safety seminars and workshops on subjects dealing with safety practices wherever LP gas is involved. They also serve local authorities as experts in the field of code interpretation and acceptable LP gas safety practices.

The Division rules on the acceptability of proposed plans for the installation of bulk LP gas storage. The Division's inspectors follow-up with on-site inspection of construction as to the safety devices required.

Those portions of the business community that benefit from the LP Gas Division's activities include architects, plumbing contractors, pipeliners, LP gas appliance manufacturers and appliance service centers, in addition to the LP gas dealers.

There are nearly 3,000 licenses issued annually through the Division of Liquefied Petroleum Gas. License revenue is the prime source of the LP gas safety enforcement budget. There are 14 full-time and one part-time positions assigned to this Division to serve the state. Personnel are located in West Palm Beach, Orlando, Tampa, Jacksonville and Tallahassee.

The Division's responsibility is to promote LP gas safety in the State of Florida for the protection of the public's health, safety and welfare.

Licenses Issued—Fiscal Year 1985-86

Type and Class		*Number Issued*
4-02	Manufacturer of appliances and equipment for use of LP gas	5
6-01	Dealer in LP gas, in appliances and equipment for use of such gas and installation	603

INSURANCE DEPARTMENT SUMMARY OF 1986 LEGISLATIVE SESSION

I. DRIVING SAFETY

A. DUI (HB 88-Special Session) CH 86-296

Effective date 10/1/86, except as otherwise provided.

This law toughens Florida's drunk driving laws by:

- Making a fourth DUI conviction a felony punishable by up to five years imprisonment and a $5,000 fine (with a minimum fine of $1,000).
- Increasing penalty for refusal to take a breathalizer test from a six-month to a 12-month driver's license suspension for the first refusal, and from a one year to an 18-month suspension for subsequent refusals.
- Requiring proof of enrollment in substance abuse education or treatment course for persons convicted of DUI two or more times within five years or three or more times within 10 years, and providing penalties for failure to complete the courses.
- Defining restricted driving privileges as limited to driving for business, educational, church and medical purposes.

B. SAFETY BELTS (CS/HB 40) CH 86-49

Effective date: 7/1/86, except s.1 which shall take effect 10/1/86.

Imposes a $20 fine on front-seat drivers and passengers who fail to wear their safety belts after January 1, 1987. Between July 1, 1986, and January 1, 1987, warnings will be issued to those failing to buckle up. The safety belt law will be applied only as a secondary violation — drivers may not be stopped solely for failing to wear their safety belts. In addition, drivers may be fined for front seat passengers under age 16 who are not buckled up. Passengers age 16 and over may be fined individually. The law requires insurers to pass on to policyholders any savings they realize as a result of the safety belt law.

This law also amended the child safety act, expanding the requirement that parents and legal guardians transport children in appropriate child safety seats so that it extends to all drivers who transport children.

C. PERSONAL INJURY PROTECTION (CS/SB 415) CH 86-182

Effective date: 10/1/86.

Provides law enforcement officers and the Department of Highway Safety and Motor Vehicles with the necessary power to enforce the current law requiring drivers to carry personal injury protection (PIP) auto insurance.

Also requires drivers to carry proof of insurance with them or face a $25 fine. Makes fraudulent use of a PIP card a 1st degree misdemeanor. Upon notification by an insurance company of cancellation or non-renewal of a PIP policy, the Department of Highway Safety and Motor Vehicles may suspend the driver's license and registration unless proof of new insurance can be shown.

II. INSURANCE AND TORT REFORM ACT (CS/CS/SB/465) CH 86-160

Effective date: 7/1/86, except as otherwise provided.

A. PROPERTY AND LIABILITY INSURANCE REFORMS

(1) Rating Law. Similar to the auto insurance rating law. Provides authority for the Department of Insurance to review property and liability insurance rates. Insurers could ask the Department to approve a rate before it is put into effect, or put it into effect up to 30 days before filing it and refunding the overcharges if the Department finds the rate too high.

(2) Joint Underwriting Association. An association to guarantee insurance coverage to any person required by law to have liability insurance who cannot find it in the voluntary market. Those who are not legally required to have insurance may be considered for coverage on a case-by-case basis.

(3) Excess Profits. Profit more than four percent above anticipated underwriting profits over a four-year period must be returned to policyholders who comply with risk management guidelines.

(4) Notice. Requires 45-day notice prior to cancellation, non-renewal or premium increase for property and liability insurance policies.

(5) Self-Insurance Alternatives. Allows businesses to form commercial self-insurance funds, and allows professional liability self-insurance trusts by accountants, architects, engineers, veterinarians, land surveyors, pharmacists, dentists, chiropractors, psychologists, optometrists, nurses, physician's assistants and insurance agents. Authorizes commercial property and liability group insurance.

(6) Permits banks to own and control reinsurance companies.

B. TORT LAW REFORMS:

(1) Limits the legal responsibility of parties at fault for an injury to an apportioned share of damages in cases where damages are greater than $25,000 when the injured party is more than 50% at fault, or for damages that are non-economic, such as "pain and suffering."

(2) Limits non-economic damages to $450,000.

(3) Requires that damages be itemized in verdicts and that awards must be reduced by the amount of any compensation received from another source.

(4) Creates protections against frivolous suits, authorizes judges to hold settlement conferences and to increase or decrease a jury award.

(5) Provides for a limitation on punitive damages and provides that 60% of punitive damages go into state general revenues or to the Medical Assistance Trust Fund. Provides for a study of tort laws.

C. PROPERTY AND LIABILITY INSURANCE RATE ROLLBACK

(1) Provides for a rate freeze beginning July 1, 1986.

(2) Provides for a 40% credit against premiums from October 1, 1986 to January 1, 1987. Allows for administrative exemptions for insurance companies that can show premiums would be inadequate.

(3) Establishes mandatory rate filing date of October 1, 1986, for rates effective January 1, 1987.

III. OTHER INSURANCE LEGISLATION

A. ACQUISITION (CS/SB 628) CH 86-250

Effective date: 7/9/86.

Provides for comprehensive regulation of acquisitions of allied lines insurers similar to the regulation of the acquisition of stock insurers. This law will regulate changes in ownership to prevent a lessening of competition or other conditions prejudicial to the insurer, policyholders or the public.

The law further provides that proceedings to consider a filing be made within 60 days rather than the previous 30 days. And it authorizes the Department to petition for rehabilitation when such an insurer attempts to substantially transfer its entire business or merge its entire business with an allied lines insurer without the required permission.

B. CONTINUING CARE CONTRACTS (CS/HB 701) CH 86-209

Effective date: 7/1/86.

This law strengthens the Department of Insurance's regulatory authority over continuing care facilities and our ability to enforce existing continuing care regulations. It also helps ensure the financial stability of these facilities.

In part, the law:

- Strengthens monthly escrow reporting requirements of continuing care facilities, and expands the department's ability to take action against providers who fail to comply with reporting requirements.
- Authorizes the courts to prevent creditors from seeking relief from a financially troubled facility for up to 12 months, in order to protect residents until they are relocated or the facility closes.
- Permits facilities to use a portion of their nursing home beds as community beds for up to five years.
- Clarifies contract, refund and advertising requirements for facilities.
- Authorizes the department, when appointed receiver, to petition HRA to convert a portion of their sheltered nursing home beds in continuing care facilities to community nursing home beds.

C. FRONTING/OFFICERS AND DIRECTORS/REPORTING (SB 514) CH 86-140

Effective date: 6/24/86.

Amends the definition of a fronting company to mean an insurer that transfers a certain percentage of its risk to one or several unauthorized insurers. The law also specifies the information that must be submitted to the department when the directors or principal officers of an insurance company are changed.

D. POLICYHOLDERS RIGHTS (SB 768) CH 86-252

Effective date: 10/1/86.

Prohibits private passenger automobile insurers from unilaterally altering or modifying the expiration date of a policy due to non-payment of a demand for additional premiums. After adequate notice to the policyholder of the demand for additional premium, the bill provides for the cancellation of the policy and the return of unearned premiums.

E. PUBLIC RECORDS (CS/HB 614) CH 86-126

Effective date: 6/20/86.

Exempts from the Public Records Act any list compiled by the Insurance Department which identifies insurers or regulated companies which are being monitored by the department for solvency, financial condition or soundness if the list is prepared for internal coordination of regulatory efforts or if public inspection would tend to impair solvency, condition or soundness.

F. WORKERS COMPENSATION STANDARDS (CS/SB 626) CH 86-171

Effective date: 6/30/86.

Provides a new method of establishing a medical fee schedule. For hospitals, the fee schedule will be based on data furnished by the Hospital Cost Containment Board. If not specifically itemized in the schedule, the charge will be 80 percent of the hospital's usual charge for the treatment, care and attendance. To guard against overcharging or charging for services not provided, a $5,000 fine is provided.

Clarifies that in cases of add-on attorney's fees, the deputy commissioner, in approving the reasonableness of the fee, shall consider only the benefits secured and time reasonably spent in securing them.

Allows for a set-off of compensation benefits even if the third-party claim is settled.

Provides tort immunity to construction design professionals for accidents arising out of the employer's failure to comply with safety standards on a construction project, unless the professional specifically assumes responsibility for the safety practice by contract.

Allows the Department to implement minor changes in the notice of injury reporting requirements. Also provides certain limited educational benefits to the spouse of a deceased worker.

G. POLICE AND FIREFIGHTERS' PENSION TRUST FUND (CS/SB 207 AND 208) CHS 86-41 and 86-42

Effective date: 10/1/86.

Increases the representation of municipal police and firefighters on the local boards of trustees that administer police and firefighters pension trust funds, and gives the boards authority to bring and defend against lawsuits.

It reduces the minimum retirement age from 60 to 55 or to 52 with 25 years of service, and it provides benefits for line-of-duty disability from the first day of employment (eliminating a 10-year waiting period). Also provides a minimum retirement benefit of 2 percent per year service, depending on the availability of state contributions.

IV. SUCCESSFUL LEGISLATION INITIATED BY THE DIVISION OF LP GAS

L.P. GAS BILL (CS/HB 882) CH 86-69

Effective Date: 10/01/86.

Clarifies the Department's jurisdiction over the people engaged in the LP gas business and establishes new safety procedures. It requires licensees to notify the Department of LP gas accidents which involve death or injury, damage to property exceeding $1,000 or uncontrolled ignition. Persons requalifying cylinders must successfully complete an examination administered by the Department. The bill also requires suppliers to physically respond to verified leak calls within a reasonable time, not to exceed 24 hours.

V. SUCCESSFUL LEGISLATION INITIATED BY THE TREASURY

SECURITY FOR PUBLIC DEPOSITS (HB 635) CH 86-84

Effective date: 6/9/86.

Changes collateral requirements for public deposits, allows administrative penalties to be deposited into general revenue, provides for penalties against depositories that withdraw from the program, and requires certain public depositories to submit quarterly reports to the State Treasurer.

VI. SUMMARY OF OTHER RELEVANT LEGISLATION

DIRECT DEPOSIT OF FUNDS (SB 52) CH 86-64

Effective date: 10/1/86.

Exempts certain deposit records including names of the authorized financial institutions and the account numbers of the beneficiaries from the public records law, and provides for review of those exemptions under the Open Government Sunset Review Act.

RETURNED CHECK SERVICE FEES (CS/HB 70) CH 86-51

Effective date: 6/2/86.

Allows local and state government bodies to charge a service fee for returned checks, drafts or other orders for the payment of money. The sevice fee may be $10 or 5 percent of the face amount of the check, draft or order, whichever is greater, up to a maximum of $25.

INTEREST ON GOVERNMENT BONDS (HB 78) CH 86-15

Effective date: 5/15/86.

Provides interest rate limitation compliance guidelines for bonds bearing a floating or variable rate of interest.

GROUP LIFE INSURANCE (SB 238) CH 86-43

Effective date: 6/2/86.

Eliminates the requirement that employee group life insurance certificates contain the name of the individual employee holding the certificate. The elimination of this requirement will reduce administrative expenses for insurance companies.

FUNERAL DIRECTORS LICENSING (SB 333) CH 86-246

Effective date: 7/9/86.

Clarifies the authority of funeral directors and their employees to obtain licenses to sell life insurance covering prearranged funeral services and products.

MOTOR VEHICLES INSURANCE PREMIUMS (HB 333) CH 86-262

Effective date: 10/1/86.

Requires that an insurer return any unearned portion of an auto insurance premium within 30 days of receiving notice that an insured wishes to cancel a policy. The law also authorizes civil remedies when an insurer fails to make a good faith effort to settle a claim.

INVESTMENT OF STATE FUNDS (CS/HB 389) CH 86-236

Effective Date: 7/2/86.

Requires the Auditor General to conduct post-audits on investments made by the State Board of Administration, strengthens criteria for membership on the Investment Advisory Council and removes the one-term limitation, authorizes investment in short-term obligations as deemed appropriate by the board, authorizes investments in foreign entities with certain exceptions, authorizes limited discretionary investments, prohibits investments in South African corporations and government entities.

CHILD HEALTH INSURANCE ACT (CS/SB 460) CH 86-122

Effective date: 10/1/86.

Mandates that all individual and group health insurance policies providing coverage on an expense-incurred basis, all out-of-state health insurance policies, and all multiple-employer welfare arrangements covering family members provide coverage for child health supervision services from birth to age 18.

HOME WARRANTY ASSOCIATIONS (SB 464) CH 86-75

Effective date: 10/1/86

Eliminates the prohibition on issuing home warranty contracts that are subject to renewal, and limits such renewals to four annually. Provides that the cost of renewal may not exceed the cost of a new warranty contract, and that fees may not be imposed for renewal inspections.

SHERIFF'S LIABILITY INSURANCE (SB 513) CH 86-184

Effective date: 7/1/86

Expands the authority of Florida sheriff's to self insure for all liability coverages. Currently, the law limits coverage to police liability.

TITLE INSURANCE (SB 515) CH 86-81

Effective date: 10/1/86

Provides for the apportionment of liability among title insurers for defalcation, conversion or misappropriation by an agent representing multiple companies.

The law also requires that the Department of Insurance be notified within five days of a proposal to transfer ownership of five percent or more of ownership interest. Notification must include background information on parties involved, the source of funds involved, any major changes in business or structure of the insurer, the number of securities involved, the terms and manner of the acquisition and any agreements affecting the securities. The bill applies to all allied lines insurers except health maintenance organizations undergoing mergers or consolidations, since these are dealt with in another section of the statutes.

HOME EQUITY CONVERSION ACT (HB 572) CH 86-267

Effective date: 10/1/86

Tranfers the administration of the Florida Home Equity Conversion Act from the Department of Community Affairs to the Department of Insurance, and revises portions of the act.

CREDIT DISABILITY INSURANCE (CS/HB 671) CH 86-86

Effective date: 6/9/86

Eliminates the prohibition against insurers obtaining reinsurance on credit life or credit disability insurance covering a Florida risk with any reinsurer not authorized or approved by the Department. Insurers writing credit life or credit disability insurance would be subject to the same restrictions as insurers writing other types of insurance.

COMMERCIAL MOTOR VEHICLE INSURANCE (HB 953) CH 86-18

Effective date: 5/15/86

Requires commercial vehicles to show proof of liability insurance or obtain a certificate of self-insurance from the Division of Highway Safety and Motor Vehicles.

INDUSTRIAL FIRE AND BURGLARY INSURANCE (HB 987) CH 86-274

Effective date: 10/1/86

Expands the industrial fire insurance agent's test and license to include authorization to sell burglary insurance.

BAIL AND BAIL BONDSMEN (CS/SB 1175) CH 86-151

Effective date: 6/24/86

Provides for the regulation of bail bondsmen by the Department of Insurance and the Bail Bond Regulatory Board and sets conditions for bail, bond forfeiture and remission of forfeiture. Among the changes are provisions to increase from $25,000 to $50,000 the amount of cash collateral accepted by bondsmen, allow bondsmen to have forfeitures discharged or remitted even though the bondsman did not substantially procure and cause the arrest of the defendent, make it clear that the filing of the required escrow deposit with the court shall automatically stay a forfeiture judgment, prohibit original appearance bonds from being continued on appeal or for certain other post appearance hearings without a new bond, and authorize the Department to require a licensee whose license has been suspended to complete specified course work.

HEALTH BILL (HB 1383) CH 86-287

Effective date: 7/9/86, except as otherwise provided.

Clarifies and revises provisions of the Comprehensive Medical Malpractice Reform Act of 1985, by amending the training program requirement for the qualification of certified health care risk managers to one year or its equivalent training program, correcting an inadvertent error in the notice provisions relating to malpractice insurance policies, and including in medical malpractice closed claim reports confidential information relating to patient identification. Other provisions made similar technical changes to tort litigation procedures, hospital licensing provisions and liability of governing boards of health care facilities.

GROWTH MANAGEMENT (CS/CS/SB 978) CH 86-191

Effective date: 7/1/86

A portion of this law extends windstorm insurance coverage to counties or other areas that will implement the policies and objectives set forth in state laws, rules and regulations governing coastal construction, comprehensive planning, beach and shore preservation, barrier island preservation and coastal zone protection.

REORGANIZATION OF HRS (CS/HB 1313) CH 86-220

Effective date: 10/1/86, except as otherwise provided.

This massive law comprises two major legislative changes and a string of other legislation relating to HRS. The key provisions provide for:

1. The transfer of authority over vocational rehabilitation programs from HRS to the Department of Labor and Employment Security; and

2. Increased authority to implement federal laws and recover unpaid child support payments.

Other provisions of the law relate to adults in need of protective services, the handicapped, abused spouses, health related functions and services, and dependent and delinquent children.

REVIEW OF REGULATORY PROGRAMS (HB 1366) CH 86-286

Effective date: 7/9/86

Changes the dates when certain portions of the Insurance Code are up for sunset review.

HEALTH RELATED ADVERTISING (CS/HB 805) CH 86-271

Effective date: 10/1/86

Authorizes the Department of Insurance to order the discontinuation of any advertising of Medicare supplement policies that violate Florida Statutes or department rules, to order the publication of corrective advertisements, to impose an administrative penalty of up to $10,000, or to order the insurance company to clarify the misleading ads to individual applicants.

CHILD CARE AND ADULT CONGREGATE LIVING (CS/CS/HB 782) CH 86-87

Effective date: 10/1/86

Provides uniform fire safety standards for nonresidential child care facilities and adult congregate living facilities, exempting such homes from certain local zoning regulations.

INSURANCE DEPARTMENT SERVICE OFFICE OPERATIONS

The Insurance Department has in operation a Bureau Headquarters Office in Tallahassee and six field Service Offices in order to offer localized insurance consumer services to the public in designated areas throughout the State. During the calendar year 1985, the field operations assisted Florida citizens and others on 225,524 complaints, claims and inquiries resulting in adjustments paid to claimants totaling $18,431,248. The Insurance Consumer Hotline in the Tallahassee headquarters provides greater access to the Insurance Department to assist the public with insurance inquiries and complaints. During 1985, a total of 96,095 telephone calls were handled. The locations of our Tallahassee Field Operations and the Service Offices are as follows:

FLORIDA DEPARTMENT OF INSURANCE
CONSUMER SERVICES OFFICES

JACKSONVILLE
111 Coast Line Drive East
Suite 410
Jacksonville, FL 32202
(904) 359-6146

INSURANCE EXCHANGE OF THE AMERICAS, INC.

The Insurance Exchange of Americas, Inc. is established under the authority of Section 629.401, F.S. The Insurance Exchange is an insurance facility patterned after Lloyds of London, where specialized kinds of insurance business can be transacted. Members of the Exchange include underwriting members and broker members. Brokers bring various kinds of insurance risks, as permitted by statute, to the Exchange were underwriting members provide insurance for the risks.

The following syndicates are members of the Insurance Exchange of the Americas.
